FIRST BUDGET THREE AND ONE HALF BILLIONS

Estimate For Fiscal Year 1923 to be Submitted to Congress Soon

DRASTIC ECONOMIES

Raid on Pork Barrel Predicted if Scheme Does Not Meet Wishes of Congressmen.

Washington, Nov. 25.—The first budget under the new law enacted in the last session of congress is nearing completion and soon will be ready for submission confidentially to the house appropriations committee.

It is expected to call for an outlay for the fiscal year ending June 30, 1923, close to $3,500,000,000, exclusive of the naval establishment, estimate, for which will have to be submitted when the result of the arms conference is known. Of this nearly a billion dollars will be interest on the public debt, a sum approximating the total cost of maintaining the government in the fiscal year running from July 1, 1915, to June 30, 1916.

Leaders are hopeful that the budget will reveal drastic cuts initiated by the executive department in carrying out one of the ideas that lay back of the budget. It was put through on the argument that it would produce immediate economies in all branches of the government.

The budget will be referred to the appropriations committee, which will prepare the bills carrying into effect the several appropriations. This will be a continuation of the general plan that has been in effect in congress for many years.

After the appropriations committee has prepared the bills they will be subject to acceptance in the house, wheer they may be increased or decreased at the will of the membership.

Already members are considering organized raids on the pork barrel in the event the budget does not recommend what they desire. Movements are under way for construction of public buildings and improvements of waterways. The war put a stop to both. Urgent appeals for buildings have been received from all sections since 1917.

A Letter of Thanks

From Capt. J. F. McIntyre, of the Salvation Army, of this city, for part of donations collected from public schools by the Annie Lee Memorial Home giving to the Salvation Army for the poor through Mrs. L. E. Uhler, president.

The list as follows: One dozen cans of tomatoes; one dozen cans of corn; one dozen cans of peas; one and one-half dozen cans of pork and beans; one-half dozen cans of red salmon; one-half dozen cans of sardines; four pounds of coffee; four pounds of sugar; one-half dozen packages of Quaker oats; one box of sweet potatoes; ten loaves of bread and one peck of apples.

Also through Mrs. L. E. Uhler and the board of governors we received the entire donation from the West End school which was a wonderful lot of groceries, shoes and garments for boys and girls for which we are very thankful; also a letter of thanks to the Sunday school class of the M. E. Church, South, for their donation of groceries.

Also thanks for the donation of $5 from a friend. The Salvation Army has been able to send sunshine through the homes of ten families in Alexandria on Thanksgiving day as a result of the donations sent them.

"Blessed is the man that considereth the poor; the Lord will deliver him in time of trouble." Psalm 41: 1. "Let us all give thanks to our Lord for his goodness endureth for ever."

J. F. McIntyre,
Captain.

BASKETBALL

First Game of The Season Tuesday Night By A. M. G. Co.

The Alexandria Machine Gun Co. will start the season off Tuesday night at the Armory with the Langdon A. C. This team has played four games this season and came out winner in all games. The soldier boys will present a strong line up and fans if you want to see the first game of the season come to the Armory Tuesday night. The Armory will be well heated and enough seats on hand to accommodate about 200 people. The fee will be small and a large crowd is expected. The following players will present the A. L. I: Seiple, a fast basketball player of Baltimore; Degrat and Noll, of Fort Hunt, Alexander, Williams, T. Hayden, E. Hayden and Tullock. The team is managed by John Walton Tulloch.

WASHINGTON DAY BY DAY

(From Our Special Correspondent)

Washington, Nov. 25.—Official and diplomatic Washington have scarcely recovered from the lambasting handed M. Briand, the French Premier by H. G. Wells, the noted English author and correspondent after Briand had made his speech on Monday last before the plenary session of the arms conference. But today, the reason for the attack upon Briand by Wells leaked out. It was all due to a French M'lle, who had been sent to the conference to cover the speech of Briand for a press association. The French Miss preemted the seat assigned to Wells in the press section and despite vigorous protests and remonstrances, she would not surrender it. Wells finally had to take a seat in a far off corner of the section reserved for newspaper men much to his disgust but not to the inconvenience of the female reporter. They are saying in Washington today that this is why Wells launched such a bitter attack upon the noted French statesman in his dispatches telling about the Frenchman's speech.

While the naval experts in the limitation of arms conference are examining the six distinct counter proposals made by the Japanese delegates in all of which the claim is advanced by Japan for a navy 70 per cent as large as that of the United States, new difficulties are arising on the naval horizon in the shape of rival claims by France and Italy for the control of the Mediterranean.

From well authenticated Italian sources it is learned that Italy's delegates have been instructed to insist on a navy for Italy equal in every respect to that of any Mediterranean power. Japan, Great Britain and the United States are not regarded as Mediterranean powers, even though their flags fly there permanently or temporarily.

It is understood that a tentative agreement has been reached by the Big Three of the conference to permit Japan to retain the battleship Mutsu. The conditions of the agreement that Japan is to scrap one of the older ships allowed her by the Hughes plan, probably the Kongo, while the United States is to retain the Colorado and scrap the Delaware or North Dakota. Just how the arrangement affects Great Britain is not known.

This, it is pointed out, will give Japan a slightly higher ratio of capital ship tonnage than was proposed in the Hughes plan, but the difference in the tonnage of the Mutsu and the Kongo. The Japanese contended that the Mutsu is a popular idol in Japan and that the scrapping of the ship would be a most unpopular act and would create bad feeling among the people of the nation.

The problem of eliminating "viper" weapons of warfare, submarines poison gas and liquid fire, is receiving the earnest attention of three subcommittees of the American Advisory Committee of 21 which will report to the American delegation at the earliest possible moment recommendations for curbing or eliminating such terrible methods of warfare. These committees have been asked to make reports to the American delegation early next week and are now busy gathering facts and information on which their reports will be based. There is no doubt but that there will be a strong recommendation for the elimination of chemical warfare and the bombing of cities and there is no question but that public sentiment will be reported to be at fever heat against these weapons. But as to whether elimination of submarines will be recommended is a serious question.

Reports from Tokyo, partly verified in the Japanese delegation here, give reassuring reports from Japan has adopted a program of action for the conference that will do much to clear away the obstacles that have been created both on limitation of naval armaments and on the Pacific and Far Eastern questions.

These reports are that the diplomatic advisory council of Japan has ratified a program of Japanese action in the conference and has transmitted to the Japanese delegation here instructions in accordance with the program. These reports are that the government of Japan is inclined to submit to the Hughes 5-5-3 ration of naval armament because of the realization that disturbances of the Hughes plan would make necessary changes along the line. The report is an indication that Japan is willing to make concessions in order that the present conference may be a success and it is contrary to the general impression held here that Japan would hold out for a higher ratio in her naval strength than that proposed by the Secretary of State.

SPORTS

On a mud soaked field at Arlington yesterday, the well known Crystal A. C., defeated the Arlington Reserves by the score of 6 to 0. The locals have met defeat only once this year, losing to the second team of the Virginia. These local teams will meet in their last game Christmas Day on Baggett's field of the famous Dreadnaught Park. This should prove to be one of the fastest games of the season. The Crystals have not had a penalty imposed in a game this year. Come out and root for your favorites on Christmas Day.

WHISKEY SEIZED

20,000 Gallons Captured And Fourteen Held

Four raids on huge illicit stills in Arlington County, Va., by Internal Revenue operatives Wednesday resulting in the arrest of fourteen persons, the slight injury of two of the officers, and the seizure of nearly 20,000 gallons of corn whisky and mash, is believed to have curtailed one of the main sources of the liquor traffic in Washington.

The seizures at the four places—the Carter farm, about one mile north of Alexandria; the Isaac Gardner residence, at Hall's Hill; the Tucker farm, near East Falls Church, and the Banton farm adjoining the Tucker estate—netted the largest amount of whisky and mash ever taken in this section of the country by one group of operatives.

Among those arrested on a charge of operating an illicit still was Constable John E. Payne 47 years old, of Miner's Hill, Va., the lesee of the Tucker farm, who was in the vicinity of the still at the time the Federal agents arrived.

Others arrested on charges of operating an illicit still were:

Welford Miller, 41 years old, residing at the Carter farm.

Lawrence Butler, colored, 21 years old, of Penrose, Va.

C. F. Davis, 37 years old, and Floyd Davis, 39 years old, both of Green Valley, Va.

William Coleman, 20 years old, of Penrose, Va.

Norman Harrell 43 years old, of Brown's Bend, Va.

Harry E. Payne, 39 years old, of Miner's Hill, Va.

H. F. Burke, 52 years old, of Tuckers Farm, Va.

J. W. Banton, 28 years old of Miners' Hill, Va.

Those arrested on a charge of being in possession of a still and having mash prepared for distillation were:

C. C. Clement, 60 years old; Leroy Clement, 30 years old; R. Clement, 22 years old; R. Clement, 32 years old, and Isaac Gardner, 78 years old all colored, of Hall Hill, Va.

Detective Recovering

S. G. Grim, of Richmond, the Chesapeake and Ohio Railroad detective who was shot by a negro the morning of November 18, is rapidly recovering from his wounds it is stated at the Alexandria Hospital today and will recover. Mr. Grim was shot just below the heart and it was at first thought that his wounds would prove fatal. The man who shot him had been placed under arrest and soon afterward grabbed Grim's gun and fired and escaped. The shooting took place in the Southern Railway yards.

A BEAUTIFUL WEDDING

"Burnside," the beautiful home of Mr. and Mrs. Charles B. Burus, of Wadesboro, N. C., was the scene on teh evening of November 16, of an impressive ceremony when their daughter, Julia Bennett, was united in marriage to Dr. Edgar Snowden, of Washington City, Dr. Samuel A. Wallis, of this city, performing the marriage service. The home was beautifully decorated with palms, ferns and chrysanthemums, and the wedding march from Lohengrin was played as the bridal party entered the drawing room.

The bride entered on the arm of her father by whom she was given in marriage, and was met at the altar by Dr. Snowden and his best man Mr. E. B. Berry, of Washington. The maid of honor was Miss Margie Burns, sister of the bride and Misses Elizabeth Burus and Eleanor Horton acted as bridesmaids. The grooms were James Harrison and Fred Gray, of Wadesboro, and George Worthington, of Washington.

The bride was charming in her lovely gown of satin and georgette, with girdles of pearls. She carried a shower of bride roses and valley lilies.

At the large reception which followed the ceremony Mr. and Mrs. Burus were assisted in receiving by Mrs. Hubert Snowden, mother of the groom, and Mrs. E. B. Berry of Washington.

After their return from a northern tour, Dr. and Mrs. Snowden will be at home at 1820 S St., N. W., Washington.

Wireless Installed

A radio office will be installed in the lobby of the Ingomar theatre this week and the outfit will be in operation Monday in connection with the showing of the great mystery serial "The Invisible Ray," which begins that evening. All should see every chapter of this great serial.

THANKSGIVING

Church Services And Family Reunions Mark Observance Of Day

Church services and family reunions marked the observance of Thanksgiving here. There were many parties and dances last night at various halls. Rain spoiled the plans of many, and after the church services yesterday the streets presented a deserted appearance.

The program of church services published in the Gazette of Wednesday was carried out. At all of the churches sermons appropriate to the observance of Thanksgiving were delivered by the pastors.

A generous supply of gifts and considerable cash was received at the Alexandria Hospital and the Anne Lee Memorial Home for the Aged. At both of these institutions members of the board of governors were on hand and received the gifts. Practically all business was suspended and the streets during the afternoon presented a deserted appearance.

VIRGINIA NEWS PARAGRAPHED

Norfolk.—Popular sentiment is swinging into line in favor of issuing bonds for road building in Virginia, V. D. L. Robinson, secretary of the Virginia Good Roads association, believes. Mr. Robinson, with N. W. Preston, field secretary for the association, is in Norfolk today to participate in the "sociability run" in honor of the opening of the Suffolk road. His acquaintance with the sentiment in various parts of the state through personal contact and from reports of representatives of the association leads him to believe that the next general assembly will authorize the issuance of bonds for road construction.

Danville.—J. O. Hays, a farmer who lives at Malmaison, today brought to town an ancient relic he plowed up on his farm a few days ago. Nobody has been able to determine just what the device was intended for. It is composed of two concave iron disks joined together by a screw, making a wheel two and a half inches in diameter. On one side is clearly stenciled in ancient lettering "Willoughby Pat, January 4, 1859."

Danville.—Mrs. Clarence Coley, Linn street, yesterday evening heard the family kitten giving evidence of great distress in the backyard and she sent her small daughter to find out what was the matter. The child ran back to the house and told her mother that a wharf rat larger than the kitten had the feline by the head and was trying to drag it into his burrow. Several people witnessed the fight. The kitten was slowly disappearing in the rat hole when a man went to its rescue and wrenched it free from the rat, which escaped.

Newport News.—Thirty-one more of the residences built by the government during the war near Yorktown have been purchased by W. T. and Guy Hastings, who are making arrangements for their transportation by barge to Norfolk, where they will be placed in the suburbs. The purchase of the thirty-one is the result of the success met with in moving five, bought from the government some weeks ago. The large lot was purchased from the Fisher Bag company, of Portsmouth, which had acquired them from the government.

Petersburg.—Resolutions laudatory of the work and character of Deputy Sheriff John J. Kelly, who lost his life as result of a raid on a still Saturday, have been adopted by the women of Dinwiddie county, who declare in the paper adopted that the dead officer's faithfulness to his duty should prove an inspiration to every law-abiding citizen of the county.

Norfolk.—Recommendations for a 10 per cent. reduction in salaries and a reduction of the number of Portsmouth city employees featured the tentative budget presented to the city council last night by City Manager J. P. Jervey. The budget has been kept within the limits of last year's appropriations by means of the salary and personnel reductions. The amount provided under it is a little less than $10,000 smaller than the appropriations for the current year. It is either a case of making the reductions recommended or increasing the tax rate still further, the city manager states.

Richmond.—Following a trip through the state capitol where he viewed the Houdon statue of Washington, Marshal Foch, at his own request, proceeded to old St. John's church, where he viewed the scenes of Patrick Henry's famous "Give Me Liberty or Give Me Death" speech. The distinguished visitor and members of the official party, on their way to the battlefield at Mechanicsville, stopped by the historic old structure on Church Hill, where they heard Antonio Graffgnia, keeper of the St. John's cemetery, deliver Patrick Henry's speech, word for word, and standing in the same spot where the great statesman stood nearly 150 years ago, when he pronounced his immortal oration.

Richmond.—Game brought especially for the occasion as gifts from Virginia Indians from a Virginia reservation, formed the main course of the luncheon given by Governor and Mrs. Davis yesterday to honor Marshal Foch. An old Southern menu, prepared by the governor's own cook, was served to the famous Frenchman and his staff, and the luncheon was concluded with charlotte russe, France, topped with a French flag.

Norfolk.—Gipsy Smith, the noted evangelist, who begins a campaign of three weeks in Norfolk next Sunday, will arrive next Saturday from New York over the N. Y., P. and N. He will be met by the entertainment committee and escorted to the Southland hotel.

Norfolk.—A six-pronged buck, weighing 200 pounds, fell before the rifle of J. L. Bass, a member of the Yadkin Deer club, last Wednesday. His dogs started the deer near Juniper, on the Norfolk and Western Railway.

ENGLAND BACKS U. S. STAND ON FAR EAST PLAN

Japan Admitted in 1919 That Manchuria and Mongolia Were Chinese Provinces

NEW WHITE BOOK

Britain Also on Record as Favoring International Pool for Financing Future Chinese Concessions.

Washington, Nov. 25.—Revelation of the fact that the United States and England stand side by side in demanding that Manchuria and Mongolia be deemed an integral part of China, with the further revelation that Japan practically has accepted that view is embodied in a compilation of British diplomatic negotiations just received in Washington.

This compilation takes the form of another volume of the British diplomatic "White Book" and covers the proceedings of the Paris conference of 1919 and 1920, which dealt with the existing Chinese consortium. This book not only puts the British government on record as having asserted unequivocally that Manchuria and Mongolia are essentially Chinese, but the British government is on record in favor of an international pool for the financing of all future concessions in China.

That the declaration of British policy laid down in the "White Book" have an immediate and direct bearing upon the business now before the Far Eastern committee of the Washington conference is obvious, and, because of the Japanese general acquiesence in these policies at the Paris conference, it is believed that this volume will play an important and perhaps a decisive part in bringing the Chinese problem to a head.

No later than yesterday Vice Foreign Minister Hanihara, of Japan, newly created a member of that empire's conference delegation, expressed the view that the term "China," to which the general principles adopted by the Pacific and Far Eastern committee are to be applied, includes Manchuria and Mongolia. Prior Japanese statements had agreed as to Manchuria, but there had been no prior expression as to Mongolia.

There also emanated yesterday from British sources a statement, puzzling in its effect particularly upon the Chinese delegation, that the general principles adopted by the powers might be assumed, in application, to imply acceptance by China of the four-power consortium organized in 1919 and 1920 and to imply further an international pooling of railway concessions in China. Minister Alfred Sze, of the Chinese delegation, declared no such interpretation was understood by China when the principles were adopted. Mr. Hanihara, for the Japanese delegation, said such an interpretation had not yet been discussed in the conference.

Reference today to the "White Book" throws new light not only upon the background of the entire subject of the consortium and international pool, but upon the attitude of Japan as to considering Manchuria and Mongolia as parts of China. Undoubtedly it indicates the groundwork upon which will rest some of Great Britain's policies with regard to the Far East in connection with the current negotiations at Washington.

It further clinches the fact that Japan, in entering the consortium, did so with an understanding and acceptance of the principles, on the basis of two assurances:

First—Concrete explanation that the pooling of concessions in the consortium would not include vested interests of any power in China, which would exclude among other things the South Manchurian Railway, Japan's most prized enterprise in Manchuria.

Second—An official assurance by Great Britain that the consortium should never be so interpreted as to imperil Japan's economic or political security.

Lord Curzon, the new publication shows, plainly defined his government's policy in the course of a controversy with Japan as to whether the rights claimed by the Japanese in Manchuria and Mongolia should be considered to exclude those countries from the operation of the consortium.

Mrs. Edwin Kell O'Brien, of Kinkora, University of Virginia, and her two handsome young daughters, Martha Ann, and Kitty Nelson O'Brien, are the guests for the Thanksgiving holidays of Mr. O'Brien's parents, Mr. and Mrs. Edwin H. O'Brien at their home, 807 Cameron street.

Mrs. Frank T. King and Miss Dorothy King, of this city, and Miss Audrey Anderson, of Clarendon, are attending the hops at Virginia Military Institute in Lexington.

Miss Minnie Jaffa is spending the holidays with friends and relatives in New York.

GREAT GUNS!

Post-War Ordnance development has gone on at a rate inconceivable prior to 1914. The world-war waked up the peoples of the world to the possibilities of the enginery of destruction. The Germans started the devilish race with their stealthy submarines and lethal gases. Your Uncle Sam was like a sleeping giant, dreaming pleasant dreams of impossible neutrality and absurd international friendships. It cost, too, many thousands of American lives and millions of American dollars, before he rubbed the hay-seed out of his eyes and shook the hay-straw out of his hair. But when he did finally wake up from his three years' slumbers, his eyes had a truly devilish glitter and his tread shook the equilibrium of the earth. He hadn't got fairly started before he finished the fight!

Our own opinion has always been that he finished it too early in the game, and that peace should have been dictated from the royal palace at Berlin. If Briand's plea is correct, that the Germans are already preparing for another and still greater war, then we are correct in saying that we have merely sloughed over the cancer and have not rooted out the disease. But something more of this, another time.

What Uncle Sam has done since the war, and what he was doing at its close—is a government secret—and we hope will remain so—but we doubt it! For instance, the gas that he had invented, so deadly and so powerful that whole armies succumbed to it, and great cities swept clean of life over night. Think of it! A million breathing human beings at sunset—a million corpses at sunrise!—Nor was this all. The inventive genius of the American brain—the greatest in the world—had turned itself from the channels of peace to the channels of war. The dark secrets that lie in the government archives—we hope securely—would have revolutionized warfare in another year— had the war lasted. So terrible, so powerful, so helpless massed humanity before them—that war would have thrown off its mask and assumed its true and only likeness—suicide!

Our new seventy-five field gun proves its superiority over the French seventy-five. It has a range of 15,000 yards, against the French of 7,000 yards—more than twice as far, and besides, fires a 17 pound shrapnel, with greater elevation and wider traverse. Then our new navy guns—throwing a 2,340 pound projectile effective at thirty-five miles. Without equal among the nations today!

It is stated that France has a gun that will shoot 200 miles—the test-results, however, being kept secret, despite the covenant of the League of Nations. But if this be true, and it is worth the endeavor, the United States will design one for 300 miles; of that there can be no doubt, if it has not already done so.

Our new Browning .50 caliber machine gun is likewise more than twice as effective as any used during the war, shooting a bullet twice as heavy and twice as far as the old models. Our aero-bombs also seem invincible and superior to any thing designed heretofore. We have invented a flashless, smokeless, and nearly noiseless powder—that is almost an ideal achievement.

As to our automotive equipment, that is so far in advance of the world-war automotive inventions, as to render them obsoletee and helpless against it. Think of a caterpillar mount for artillery making 30 miles an hour, and forging ahead under water up to the driver's chin! Think of a huge 35 ton tank, bullet-proof, and firing projectiles capable of piercing heavy armor plate like paper!

Think of all these things and then think of the Conference at Washington! Your Uncle Sam has been most generous in his own offers of disarmament, and his attitude, it seems to us, is not unlike that of a giant amidst pigmies. He can well afford to be generous. But woe to them if they do not see fit to travel his road toward peace! There is one other road—shorter, but through the valleys of death. It is up to the world to choose. As we said, when war once throws off its mask and appears in its true guise, as suicide, then mankind will take a sober second thought and abolish it. There are two roads to this goal,—one in the direction that the United States is now pointing out at the Conference, and the other that will be pointed out later if the nations do not heed our advice. But the Conference is the cross-roads!

CALOMEL USERS
TAKE AWFUL RISK
Very Next Dose of Treacherous Drug May Start Terrible Salivation

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat .Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

QUIT TOBACCO
So Easy to Drop Cigarette, Cigar, or Chewing Habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money with out question.

DABBS COULDN'T
MOVE HIS HEAD
Rheumatism Made His Life Real Burden, But Feels Like New Man Since Taking Tanlac

"When I saw how Tanlac took hold of my wife and not only restored her to health but made her twenty-one pounds heavier, I gave it a trial and it just made a new man out of me," said Thomas Dabbs, 74 Chatham, Ave., Schoolfield, Va.

"My stomach had gotten so weak that even the sight and smell of food would make me sick, and my nerves were so upset I couldn't sleep. Then the rheumatism set in my neck, back and shoulders and I could hardly raise my arms at times. My neck was so stiff I couldn't move my head and I got to where life was a real burden to me. I spent many a hard-earned dollar trying to get relief, but nothing did me any good until I got Tanlac.

"This medicine has completely knocked the rheumatism out of me, and my system is in such a good condition and my appetite is so good, that my stomach is in apple-pie order, and I feel like a boy instead of a man my age. I think the good Tanlac did my wife and myself shows it has not equal."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and by leading druggists everywhere.

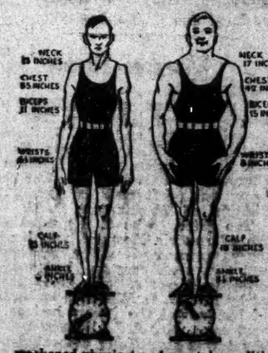
Take Yeast Vitamon Tablets To Put On "Stay-There" Flesh
AND INCREASE YOUR ENERGY QUICKLY, EASILY AND SURELY AT SMALL COST



Thin or run-down folks will find this simple test well worth trying: First weigh yourself and measure yourself. Next take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself again each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy. Mastin's VITAMON contains highly concentrated yeast-vitamines as well as the two other still more important vitamines (Fat Soluble A and Water Soluble C), all of which Science says you must have to be strong, well and fully developed. It is now being used by thousands who appreciate its convenience, economy and quick results.
IMPORTANT! While the amazing health-building value of Mastin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. Do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.
MASTIN'S VITAMON TABLETS THE ORIGINAL AND GENUINE YEAST VITAMINE TABLET
Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back
If it isn't MASTIN'S it isn't VITAMON

HUNTER SHOT

Yesterday while out with a hunting party, Willie Simms, son of Ernest Simms, sexton at Pohick Church, is alleged to have been shot and probably seriously wounded by Deputy Federal Game Warden A. J. Payne. The shooting occurred on the farm of Miss Nellie Nevitt, across whose place Simms was going to reach the property of a friend where permission had been given to hunt. Simms was accompanied by Eddie Denty, Burl Baker and another boy named Leary. None of the boys are over eighteen years old. Game Warden Payne is alleged to have called to the boys to halt and immediately began firing his pistol. The fourth shot struck Simms in the left shoulder cutting a gaping wound about three inches long on the shoulder blade.

The physician attending Simms does not think that the case will develope any serious complications while he will not make a definite statement at this time. It is understood that a warrant has been issued for Payne, but no arest has yet been made.

NOTICE

Notice to State Taxpayers

I am now prepared to receive the State taxes for the year 1921. The attention of taxpayers is respectfully called to the importance of paying the same prior to December 1, 1921, as on that date, a penalty of five per cent will be added to all unpaid bills, and their collection enforced as required by law.

Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, puffy eyes, clammy feet or moist palms, backache or sideache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has wonderfully benefitted tens of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription, Marshroot aided thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective Prescription at all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot prescription No. 777. No other medicine can take its place.

How Miserable This Woman Was Until She Took Lydia E. Pinkham's Vegetable Compound

Toomsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C. F. PHILLIPS, Toomsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous despondency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter clearly shows that no other remedy is so successful in overcoming this condition as Lydia E. Pinkham's Vegetable Compound.

Auction Sale by Administrator Of a Frame House

As Administrator of the Estate of Mary Davis, deceased, I will offer for sale, on the premises at public auction, on the 29th day of November, 1921, at 11 o'clock A. M., that frame dwelling house known as 602 South Lee street, in the City of Alexandria, Va., which belongs to the Estate of the late Mary Davis.

The purchaser will have to remove the house from the land on which it is located within ten days from the purchase, as the land does not belong to the Estate of Mary Davis.

TERMS OF SALE: Cash.

Robert H. Cox, Sergeant,
278-8c. Administrator.

You must say BAYER Aspirin

"Bayer" on Genuine Aspirin—say "Bayer"

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

IN MEMORIAM

PETERKIN—Sacred to the memory of Rev. J. E. PETERKIN, who departed this life three years ago today, November 25, 1918.

The weary world is mouldering to decay,
Its glorious wane, it's pageants fade away,
In that last sunset, when the stars shall fall,
May we arise awakened by thy call
With thee, O Lord, forever to abide.
In that blest day which has no eventide.

Mrs. Hannah V. Caldwell
and daughters.

With Ice Cold Water in the Radiator

In winter sluggish gasoline means slow starting and a heavy strain on the battery. It calls for an over-rich, wasteful mixture. These disadvantages are largely overcome when you use a volatile gasoline that vaporizes evenly and completely at low temperatures. But volatility is only one important property. The ideal motor fuel should combine ample power for heavy loads and hard hills, a high rate of combustion and complete burning under all service conditions.

Gasoline with these properties is what we mean by *balanced* motor fuel.

"Standard" Motor Gasoline is the best *balanced* motor fuel we have found. It has to pass the most rigid tests in the laboratory and in service. "Standard" Motor Gasoline is the most efficient, economical and satisfactory gasoline that long years of refining motor fuels have enabled us to produce.

Test this improved, *balanced* "Standard" Motor Gasoline in your car. Notice how spry and lively your motor is. Take a few hills to prove its pulling power. Keep tabs on the mileage. One quality wherever you buy it, and sold everywhere.

The man who sells you "Standard" Motor Gasoline will give you the best lubricating oil if you ask him for POLARINE.
